Importance: High

Hi!

I sent the e-mail below about the Canberra rally about two weeks ago, but I've had almost no response.

Can you please let me know, asap, how many people from Friends of Collector will be attending the rally? Names would also be good, with contact details, because there are bound to be last minute updates.

If you are already in contact with the organisers about all this, will you please let me know, so that I don't waste time on needless communications? Thanks.

David

Dear Tony, Rodd and Linda

The organisers of the upcoming Canberra Rally (Andy Gabb and Peter Quin) have asked me to act as a liason for NSW. So, can you get this message out to Friends of Collector members, if it has not already gone out.

There is to be a rally of anti-wind farm groups outside Parliament House in Canberra on Tuesday, 18 June.

The provisional time of assembly will be 9 am.

People will be coming interstate, and some may need accommodation for the night of the 17th. If anyone can put people up, will they please let us know.

Please RSVP to Friends of Collector, or to David Brooks: e-mail xxxxxxx@activ8.net.au ; tel. 02 xxxx xxxx. We need an idea of how many people will go.

Thanks

David Brooks
NSW co-ordinator

If you've already organised the Friends of Collector contingent, I apologize for being officious. Peter asked me to co-ordinate for NSW.

Otherwise, can you please circulate this, and then let me know if you get any responses from people willing and able to go. A list of names of people who say they will definitely go would be good.

Thanks very much.

Cheers

David
